[16-34 injector completion rept.pdf](#)

I will check the permit on tomorrow and possibly the Colorado State Engineers Office (or equivalent office).

I thought I saw water analysis in the permit file? Attached is an EPA (go to last page of document) document I just found with an injection pressure listed.

Subject: Water Analysis - Pavillion WIW 16-34 Area

Greg, Linda

I mistakenly told you this morning at the meeting that I had water analysis from the wells surrounding the Shoshoni-Arapahoe 16-34 Water Injection well. Looking further I discovered that the water analysis I had

was actually from wells located in the Jonah Field. Sorry for the oversight. I could not find water analysis within this area of Pavillion.
